EPA draft BERA executive summary_WW RLSO for informal discussion with EPA 15Jan2013.docx

Hi Chip. As we discussed here's the redline version of the executive summary with our embedded comments. We discussed most of these on the phone today. I hope it was useful, and that giving you this draft for informal discussion also helps us come to a quick, mutually satisfactory resolution on the final Executive Summary. Burt, sorry you weren't able to join us.

These are draft responses from Woodward and do not necessarily reflect LWG positions.

Cheers,

John
